### ASUS DSL-N10 User's manual in Italian (Italiano)

The ASUS DSL-N10 is an all-in-one modem/router without audacious styling. It's relatively small, it looks nice and it can be purchased for a great price of \$79. It only has one antenna for its 802.11n wireless access point, but it performed reasonably well in our tests and can be used to distribute and ADSL2+ connection in a small home or office.
